TIRED OUT.

There's many a wife sits in the growing shadows of an evening, knowing what it is to feel tired out; as if there was not another ounce of effort left in her. But if healthy she knows how sound her slumber will be and how refreshed the morning will find her. But it's another thing for the sick woman to feel tired out. Rest only seems to increase her suffering. She feels acutely the aching back and throbbing nerves. Sick women, hundreds of thousands of them, have been made well by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"I am pleased to inform you of the benefit I received from using Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,'" writes Mrs. Elizabeth A. Oswold, of 45 Brant Street, Windsor, Essex Co., Ontario, Canada. "Was quite discouraged when I wrote asking your advice, as the physicians here told me I could get no relief except by an operation. Suffered for four years from irregular and profuse menstruation, had sick and nervous headaches most of the time, and at times could hardly walk across the floor from weakness. I thank God there is such a remedy as Dr. Pierce's Favorite Prescription for suffering women. Before I had taken the first bottle the headaches had left me and it was not long before regularity was established and still continues so. Have just finished house-cleaning which I never expected to be able to do again, and can truly say I never felt better than at present. I gladly recommend 'Favorite Prescription' to all who suffer from female weakness. It has cured me and made me stronger in every way. Neither my husband nor myself can say enough in its praise."

The selfish seller who urges some substitute is thinking of the larger profit he'll make and not of your best good.

TO CURE ANY DISEASE.

The Cause Must be Removed, Same Way With Dandruff.

Kill the germ that causes dandruff, falling hair and baldness, you will have no more dandruff, and your hair must grow luxuriantly. Newbro's Herpicide not only contains the dandruff germ destroyer, but it is also a most delightful hair dressing for regular toilet use. No other hair preparation is, on this scientific basis of destoying the dandruff germs. It stops all irritation, keeps the scalp sweet, pure and wholesome. Remember that something claimed to be "just as good," will not do the work of genuine Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Burned in Public Square.

The people of Sulphur Springs, Tex., gathered on the courthouse square yesterday morning and publicly burned Tom Williams, an eighteen-year-old negro, who Thursday night waylaid and criminally assaulted a fourteen-year-old white girl named Mary Childs.

There was only a slight attempt on the part of the town officials to prevent the lynching. Throughout Thursday night, officers and enraged citizens searched for the negro, and he was caught by officers at dawn yesterday morning, hiding in a barn two miles from the scene of his crime.

The officers were soon surrounded by the mob and forced to give him up. The negro was tied on a horse and taken to Sulphur Springs. The news of the capture spread rapidly, and every inhabitant of the town rushed for the public square, where all seemed to know vengeance would be wreaked. When the trembling negro was unbound from the horse, he was so weak from fright he could not stand unsupported.

"Burn him," was a cry that was started and echoed by hundreds of voices. There were a few who favored hanging, but no attention was paid to them.

In the meantime the victim of the negro was brought to the place, and his victim at once positively identified him. So forceful was her assertions that he then confessed, but begged loudly for mercy. This he kept up continually until the fire licked up around him, and his pleas gave way to frantic screams.

Dry goods boxes were broken up for fuel and a heap, a yard high in the form of a circle, was piled about him. Oil was poured upon the pile. It was ten minutes from the start of the blaze before the negro began to burn. Piercing scream after scream ensued for five minutes, and his features were convulsed in agony. His death was so horrible that many ran, terror-stricken, from the scene.

The body was only partially burned and was taken down two hours after the tragedy.

The negro adriotly waylaid his victim in the outskirts of the town, and choked her into unconsciousness. She was a mere schoolgirl in short skirts, was of a well-known family, pretty and a favorite in the town. There seems to be general satisfaction at Sulphur Springs over the lynching, and threats are being made against worthless negroes of the place. This has caused a hurried exodus of many of the black citizens.

Remains Laid to Rest.

Archbishop Chapelle was buried yesterday morning under the central altar of the St. Louis Cathedral in New Orleans. The change in the programme was made at the last moment at the suggestion of the health authorities, who feared that the assembling of many thousands of persons at the cathedral in the heart of the infected section, as would be the case in the event of a public funeral, would be dangerous. The funeral services were simple, but impressive. A mass was celebrated at 9 o'clock, in which 50 of the clergy took part. Mayor Behrman, Dr. Felix P. Gaudin, supreme president of the Catholic Knights of America; Rev. Fathers Weldon, Dalton and Spillard, the president of the Holy Cross College; Fathers Hanrahan, Lorent and Marin, president of the Jesuits' College; Father O'Shanahan and many prominent members of the Catholic clergy and laity were present to pay their last tribute to the dead. After the mass Father Biever, confessor extraordinary to the archbishop, delivered a eulogy on the deceased archbishop. After the ceremony of absolution the body was carried by eight priests into the vault of the cathedral, which was then sealed. The question of the successor of Archbishop Chapelle will not be settled for some months, as it will be impossible to hold a convocation of bishops in New Orleans until after the epidemic is over.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the oldfashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in in case of cholera infantum. For sale by Gibson & Timberman and W. F. Creighton & Co

Let Common Sense Decide

Do you honestly believe, that coffee sold loose (in bulk), exposed to dust, germs and insects, passing through many hands (some of them not over-clean), "blended," you don't know how or by whom, is fit for your use? Of course you don't. But

LION COFFEE

is another story. The green berries, selected by keen judges at the plantation, are skillfully roasted at our factories, where precautions you would not dream of are taken to secure perfect cleanliness, flavor, strength and uniformity.

From the time the coffee leaves the factory no hand touches it till it is opened in your kitchen.

This has made LION COFFEE the LEADER OF ALL PACKAGE COFFEES.

Millions of American Homes welcome LION COFFEE daily. There is no stronger proof of merit than continued and increasing popularity. "Quality survives all opposition."

Charged with Poisoning.

A dispatch from Grayling, Mich., says Mrs. Naomi Aldrich, of Frederick, a little town north of Detroit, was arrested Thursday night and is in the county jail there, charged with the murder of her two little sons, aged ten and twelve years. The theory of the police is that the little boys were murdered to obtain $50 life insurance that was carried on the lives of each. Mrs. Aldrich, who is twenty-eight years old, has been married twice. Her first husband, Bert Soule, was the father of the two children in connection with whose death she is under arrest. The children, it is alleged were insured for $50 each in July. They were taken sick July 5, and one died July 8 and the second one died July 9. It is alleged that both showed symptoms of metallic poisoning during their illness. After the death of the children Coroner Dr. O'Neil performed a post-mortem examination and sent the stomachs of the children to Ann Arbor and Lansing for analysis. It is alleged that the chemist found arsenic in each stomach. George Aldrich, the woman's second husband, has not lived with her for a year and a half, and she has supported herself by washing and housework, with some assistance from the county authorities. It is alleged the woman showed no grief when the children died.

The coroner's jury, at Mannington, W. Va., in the case of Mrs. Helen Payton and Frank Wright, with whom she eloped after the death of her husband, yesterday rendered a verdict to the effect that Jacob N. Payton died July 17 from the effects of poison given him in a cup of coffee by a child, Ethel Payton, and that the poison was strychnine, prepared by the defendant, Helen Payton. The jury further found that Frank Wright was an accessory and an accomplice in the commission of the crime. Mrs. Pay-broke down and cried hysterically when the jury rendered its verdict. She and Wright, who boarded in the Payton home, were taken Fairmont jail. The couple left Mannington immediately after Payton's death and were arrested at Sisterville. They were preparing to start a theatrical troupe.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, AUG. 12, 1905.

AS ANTICIPATED Senator Gorman of Maryland has made the direct statement, in answer to some stories recently in circulation, that he has not determined to retire at the end of his present Senate term, that his health is not such as to demand this action, and that, in fact, he has given no consideration to the matter. His present term does not expire until March 4, 1909, and he will then be seventy years old. He sees no reason for haste in determining his course after that time. Mr. Gorman is one of the ablest, most useful and most influential members of the Senate, is one of the recognized leaders on the democratic side of that body and it is very doubtful if his constituents in Maryland would let him retire from public life even if he felt disposed to do so. His retirement would be keenly felt by the southern people.

THE VIRGINIA republicans in their platform set forth that "We favor a nonpartisan judiciary, and pledge the republican party, if it shall have control of the legislature, to elect two of the five members of the supreme court of appeals from the opposition party, and to enact such legislation as may be necessary to continue this system in force." This is cool, indeed, for it will be remembered that when they had control of the legislature they turned out every democratic judge in the State and elected republican partizans in their places, the only requisite being that the men they elected had voted the republican ticket and had once opened a law book.

THE RICHMOND JOURNAL says "up to the present time the members of the city democratic committee have not received a single red cent to help them reduce the assessment fees of the candidates in the coming primary of August 22d. And worst still, this poor showing is made despite the fact that the committee called on the public some weeks ago through the newspapers to extend a helping hand." This is a day of practical politics and the impression prevails that those who dance must pay the piper. Sad, but true!

IN a remarkable speech delivered at Chautaugua, N. Y., yesterday President Roosevelt made the statement that unless the trusts submitted to reasonable federal supervision, they would lay themselves open to more drastic action by the government. He pointed to the heads of the beef trust as types of arrogant lawbreakers, who are openly defying the statutes, and in a vigorous way warned them that the time was past for leniency. But the trusts have gotten hardened to such threats and pay little attention to them. Action is what is needed.

IF REPORTS be true that the administration will hold Judge Lewis's place as U. S. District Attorney for the Eastern district of Virginia open for him till after the election next fall then is it clearly shown how little hope is felt in Virginia of his election as governor of this State. If the truth were known Judge Lewis has no more idea that he will be elected governor than he has of flying to the moon.

CAPT. J. E. B. STUART, collector of customs at Newport News, has dismissed three inspectors, all democrats, from the customs service and has reduced one deputy collector, also a democrat, to inspector, and has appointed a republican, who has been in the customs service only a short time, his successor as deputy collector. Mr. Stuart is now posing as a possible candidate for vice president on the republican ticket!

THE VIRGINIA republicans put in their platform adopted at Roanoke on Wednesday a plank in favor of honest elections. This is enough to make a cow laugh. The idea of republican politicians being in favor of honest elections! Why they have been cheating in elections since the party was organized and have stolen every office from President down to constable.

ANOTHER of Mr. Crandall Mackey's statements concerning Mr. Swanson, as will be seen elsewhere, has been flatly denied by Mr. John Sharp Williams. The fact is Mr. Mackey has been given too much prominence during the canvass; he should not be seriously considered.

Mr. Williams Denies Charge.

Congressman John Sharp Williams, minority leader of the House of Representatives, denies emphatically that he removed Congressman Swanson, candidate for governor, from the committee on postoffices and post roads, as recently stated by Crandall Mackey, of Alexandria county, in the newspapers. Mr. Williams, who is now at Arden, N. C., yesterday telegraphed Congressman Flood as follows:

"Removed Swanson from postoffice committee because he was on ways and means, and allowed nobody on that committee to serve on any other."

As to Mackey's allegation that the democratic leader thought Swanson dishonest, Mr. Williams wired that he never said or even thought anything of the kind.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., August 12.

The commercial value of railway operating property in the United States, computed for the year 1904, was $11,144,852,000. This is exclusive of the physical value of Pullman cars, which is estimated at 51 million dollars, and of private cars, estimated at 72 million dollars. This stupendous total presents the results of an extended inquiry in regard to the commercial value of railway operating property in the United States, conducted by the Bureau of Census, with the co-operation of the Interstate Commerce Commission. By commercial value is meant the estimate placed upon the worth property is regarded as a business proposition—that is, the market value. Among the States, Pennsylvania ranks first in the commercial value of railway operating property, with a total of $1,420,608,000; New York is second, with $898,222,000, which is exclusive of the Jersey City ferries of the Pennsylvania railroad system; Illinois is third, with $805,057,000; Ohio fourth, with $689,797,000.

The State Department has cabled instructions to consular officers in China to make detailed reports of the boycott situation throughout the empire. More and more importance is being attached to the Chinese embargo on American goods, and there is good reason to believe that upon the information now being obtained this government will take active measures to quell the anti-American agitation in the Celestial Empire. While informal exchanges on the boycott have taken place between the State Department here and the foreign office at Pekin and an order was issued from Pekin to viceroys instructing them to prevent the boycott, practically nothing has been done by Chinese officials.

The Panama Canal Commission today received a report of an additional case of yellow fever on the Isthmus, that of a German non-employee.

The Washington Local, 368, of the Brotherhood of Painters and Decorators, last night decided to call out the men in their organization employed in the navy yard unless their pay is increased to $3.50 per day. The present scale is from $2.80 to $3.04 per day.

U. S. Minister Beaupre, at Buenos Ayres, cables the State Department the following particulars of the attempt to assassinate the President of Argentina yesterday: "An attempt was made upon the life of President Manuel Quintina today while he was driving in Retiro Park. Planas Vicella, a laborer, leaped from behind a monument with a drawn revolver. The President's aide jumped from the carriage and overpowered the man before he was able to shoot. Vicella is believed to be demented."

Mr. James Hay, of the Seventh Virginia congressional district, says he will not again accept the chairmanship of the democratic caucus if it is offered him. He has been chairman of the caucus for the past three sessions.

Mrs. Ryan's Munificence.

Mrs. Thomas F. Ryan, of New York and Nelson county, Va., will soon let a contract for a magnificent up-to-date hospital, which will be built on the half acre of land which she purchased some years ago at the corner of Tenth and Clay streets, in Lynchburg. It is known that it will be one of the most complete, best equipped, and most modern institutions of its kind in the country, and its cost when completed will be about $100,000. The plans, prepared by Joseph M. McGuire, of New York, the architect, who designed the cathedral erected by Mrs. Ryan in Richmond, have been received, and are being inspected by builders and others with a view to sending in their bids at once. This matter is in charge, at present, it is understood, of Rev. Father McGurk. The hospital will front on Clay street 100 feet, and, being built with a center wing in the rear, will extend back 90 feet. It will be fireproof, of red brick, with slate roof, and all the cornices and ornamental parts will be of galvanized iron. The building will be three stories, a basement, and an attic, and from the ground to the comb of the roof will be 70 feet high, while in the center of the roof there will be a cupola 20 feet high. It will be maintained for charity and pay patients, with entirely separate arrangements for white people and negroes.

The Brentsville Tragedy.

As stated in yesterday's Gazette, A J. Ramey killed Lucian Beavers at Nokesville, Prince William county, on Thursday evening. The dead man was unmarried and was 24 years old. Mr. Ramey went to Manassas yesterday morning ready to answer any charge against him. He says that Beavers, who was not considered sane, had created a disturbance the night before at Mr. Wheaton's, who lives across the road from him, and again that afternoon, when he assailed Mr. Wheaton and others with an old sword. Later when he found he was fastened out of Wheaton's house he came to his, still armed with the sword. He says he remonstrated with Beavers, who laid the sword down, but when he saw some one getting the sword he grabbed a knot of wood and started at Mr. Ramey, who grabbed a gun and shot in the air. This did not stop him and he shot and struck him in the wrist. This only enraged his assailant the more and he knocked him down with the gun, fracturing his skull from the effects of which Beavers died. At the coroner's inquest held yesterday afternoon by Justice W. M. Rice the jury brought in a verdict of justifiable homicide.

Launch of the Kansas.

Camden, N. J., August 12.—The battleship Kansas took her initial dip into the Delaware at the plant of the New York Shipbuilding Company, at 12:47 o'clock today. In every particular the launching was a success. Governor Hoch of Kansas, his daughter, Miss Anna Hoch, the sponser of the Kansas, Mrs. Hoch and the others included in the launching party occupied a small platform built at the prow of the battleship. The signal valves were opened connecting with the "triggers," disconnecting the latter and then freeing the ship. At that moment the great four-hundred ton hydraulic rams were called into requisition. Gently but with an irresistible power they started the craft on her journey. With a strong sweep of her upraised arm Miss Hoch struck the steel prow a resounding blow with the gold incased bottle of champagne, breaking the latter into a thousand pieces as she exclaimed in a clear, musical voice, "I Christen thee Kansas."

News of the Day.

The granite walls of the Treasury building in Washington are to be cleaned within 45 days. The work, which has been in progress about a week and has been largely experimental, was begun with vigor yesterday upon the great north walls of the building. It is in charge of J. F. Bruce, a native of King William county, Va., who has invented a fluid which removes any kind of dirt or stain from hard stone, such as granite or marble.

Significant utterances were made yesterday by President Roosevelt in his address before the Chautauqua assembly at Chautauqua N. Y. In discussing the future of our national foreign policy in connection with the evolution of the Monroe doctrine the President made a diplomatically veiled threat which his auditors understood as referring to Venezuela in connection with the asphalt controversy. He declared that if any neighbor of the United States should try our forbearance to the limit, extreme action would be taken with reluctance, but with no idea of territorial aggrandizement.

PEACE PROSPECTS SLIM.

Russia's reply to the Japanese terms of peace were to be delivered by M. Witte to Baron Komura at 9:30 o'clock this morning. The reply is written, there being two texts, one in French, the other in English. Upon the two crucial points, indemnity and the cession of the Island of Sakhalin, the reply is an absolute non possumus. Other points are accepted as bases for discussion, while still others are accepted conditionally.

The reply is rather long, because in enumerating the conditions upon which discussion is admitted and those upon which consideration is declined, reasons and arguments are given. The Japanese plenipotentiaries are expected to ask for an immediate adjournment to examine and prepare their reply. M. Witte will probably intimate that the Russian plenipotentiaries expect the Japanese to display as much expedition as they (the Russians) have shown in the preparation of their response. Monday, therefore, is expected to be the day on which the real discussion will begin. Neither side wants to indulge in diplomatic sparring. The time for fencing is over, and less than a week must decide whether a basis of peace is possible.

A delicate situation has grown out of the limitations of the respective envoys, M. Witte having full power to negotiate a treaty and Baron Komura being obliged to refer any agreement to the Mikado for ratification. M. Witte threatens to take the same privilege.

Although no official announcement has yet been made in St. Petersburg, it is everywhere predicted that Russia will reject the Japanese terms and break off the negotiations. As for the the terms themselves, there is only one opinion, that is that they are severe and drastic beyond the point that any self-respecting power could accept or consider. Nobody, indeed, believes that Japan herself imagines that Russia will accept them. It is therefore assumed that Japan consented to the conference in full knowledge of its futility.

M. Witte's dispatch reporting the proposals was not translated from the code and placed before the Czar at Peterhof until nearly midnight. It is not known how the terms were received by his majesty, but what he did was most extraordinary. Ordering a carriage and escorts, he drove during the darkest hours of the night to Krasnoe Selo, the great military camp, two hours' distant from Peterhof. The only other occasion on which he has left Peterhof was to meet the Kaiser.

At a late hour last night the Czar's visit to Krasnoe Selo was explained, and it is abundantly significant. His reply to Japan's demands is a demonstration of his personal allegiance to the army. He invited all the officers of the imperial guard to luncheon. He sat at the head of the table in the barracks and at the close of the meal he proposed a silent toast to the imperial guard.

Every man understood the significance of the act without a word being spoken. They stood up and drank in impressive silence. This is the first time since the war began that the Czar has fraternized with his officers. The Czarina and the Dowager Empress accompanied the Czar to Krasnoe Selo.

It was noted that Japan's demand for the surrender of the interned warships and a limitation of the Russian forces in the far East excites even greater resentment than the claims for an indemnity and the session of Sakhalin.

A dispatch from St. Petersburg at 2:55 o'clock this morning says that Japan's demands have served to array the Russian government and people under the same banner for the first time since the beginning of the war, and it is evident that M. Witte will find almost solid support at his back in whatever answer he may make to Baron Komura's communication.

The government permitted and encouraged the publication of the full dispatches containing the Japanese conditions, which like a fiery cross rallied Russia's disunited clans, reactionary, conservative, liberal, and radical. With scarcely an exception every voice is raised in urging the government to hold out against Japan's principal demands.

Many representative Russians now declare that a continuance of the war would be better than the acceptance of such terms. The same spirit is manifested in almost every newspaper, the radical organs ranging alongside of the Novoe Vremya, while the Russ declares:

"If these are Japan's conditions all hope of peace has vanished."

Earthquake Shocks.

Hong Kong, Aug. 12.—A series of earthquakes have been felt at Macao, a seaport town on the peninsular of the Island of Macao, covering a period of nine hours. The greatest excitement and alarm have seized the residents of the district affected. Great crowds have gathered in the parks, and the Chinese priests are prophesying the destruction of the town. The steamers are leaving crowded almost to the sinking point with terrified fugitives. Slight shocks have been felt here.

Rumored Communication from King William.

Manchester, England, August 12.—The dispatch says it is rumoned in official circles that the Kaiser has addressed a communication to President Roosevelt suggesting that the powers should insist upon provision being made in the peace terms which Japan and Russia may agree upon to prevent Japan from acquiring ascendency over China.

The Richmond Primary.

As stated in the Gazette of that day the special grand jury in Richmond, which has for days been investigating allegations of fraud in the recent primary, completed its work yesterday by handing in a short but comprehensive report and seven indictments. Three of these are against men already under indictment for alleged irregularities in this same election. They are Police Commissioner Christopher Manning, Jackson Wise, A. Jockey, and L. K. Culberson, a tramp, who has disappeared. The new indictments are against J. H. Beveridge, Peter Krug and J. W. Percival, who were judges in the Second precinct, Lee Ward, where there were marked irregularities, and Robert Lee Syrcle. The only other precinct affected was the Third, Monroe ward. In all others the election was found to have been conducted honestly. All of the indictments were for misdemeanors.

The report of the grand jury says that, it being believed that if there was fraud it had been committed in connection with the offices of City Sergeant and Commonwealth's Attorney, the investigation was along this line. There was a poll of practically the whole vote of the city. Of the 5,357 votes cast 3,901 were examined and only 39 voters declined to tell how their ballots were cast. The report continues thus:

"We were confronted with evidence of irregularities in the appointment of election officers. At the same time the law governing elections is so lax in certain particulars that the prevention of fraud is a matter of much difficulty. If the officers who conduct the election are dishonest men, the election will be fraudulent."

Continuing, the report says that the secretary of the democratic committee, who was also the printer of the ballots, failed to take the oath prescribed in the plan, also that suffcient care was not exercised in choosing election officers. The report, after recommending the immediate removal of the indicted judges of Second precinct, Leeward says:

"We desire to call the attention of the court to the condition of affairs in Second Lee and Third Monroe precincts. We believe they were corrupted and that the election in these two precincts was fraudulent. So far as we have been able to ascertain from the vote polled before the grand jury we believe that the election was honestly conducted in the other precincts."

Besides the six indictments enumerated Alfred B. Williams, editor of the News Leader, was indicted by the regular grand jury recently on the charge of paying an election worker $25. All of those indicted are out on bail for trial later except Culberson, who has no home, and will probably never be seen there again.

The minority report which was prepared by Messrs. T. A. Baughman, Clarke and Lathrop, and refused by the judge, is said to contain some interesting revelations regarding the methods employed in doing the alleged crooked work for which indictments were returned, and it is said that it also desired to indict City Sergeant James C. Smith whose vote was increased by the irregularities mentioned.

The city democratic committee, which met last night, made no mention of a new primary in place of the one just investigated. The result of that will therefore stand.

Elopers Intercepted.

Nora Carter, seventeen years of age, and a young man named Pierre Taulelle, who had eloped from Staunton, were arrested in Washington last night on a telegram from Staunton. Miss Carter was sent to the House of Detention with her young girl friend who had come with her from Staunton, and they will remain there until an officer comes from Staunton for them. Miss Carter is an orphan and lived at the home of her guardian. Several months ago she met Mr. Taulelle, who lives in Washington, and at once a friendship sprang up which soon developed into love and ended in the elopement. It is understood the guardian was bitterly opposed to his ward marrying, claiming that she was too young.

Confederate Monument.

The cornerstone of the Confederate monument now in course of erection at Bowling Green to the dead soldiers of Caroline county, was laid Thursday with impressive ceremonies by Kilwinning Cross Lodge of Masons, of that place. Deputy Grand Master Kemper, of Alexandria, acted as master of the lodge and conducted the ceremonies. The ceremonies were under the auspices of Caroline Camp of Confederate Veterans, of which Major R. O. Peatross is commander. The town was gaily decorated with Confederate States flags and the Stars and Stripes. Among the distinguished guests present were Senator John W. Daniel, who delivered an oration, and Lieutenant Governor Joseph E. Willard

New York Stock Market.

New York, Aug. 12.—The market ruled decidedly narrow this morning. The unfavorable appearance of the progress of peace negotiations caused some selling. There was the usual Saturday closing out of contracts by room traders and outside speculators.

Today's Telegraphic News

The Peace Conference.

Portsmouth, August 12.—The peace conference adjourned at 11 o'clock. Sato says the conferences will be continued.

Portsmouth, August 12.—M. Sato on behalf of the Japanese has issued the following official statement: "In the sitting of Saturday morning, August 12, their excellencies and plenipotentiaries of Russia have handed their reply to the note presented to them Thursday by their excellencies the plenipotentiaries of Japan. It has been decided that the next conference will meet when their excellencies, the plenipotentiaries of Japan, will notify the plenipotentiaries of Russia that they have studied the document and are ready to reply, which will be today at 3 o'clock or tomorrow at the same hour."

St. Petersburg, August 12.—The hopeful tone which has been noted in the discussion of the peace outlook continues. The view which is taken that it will be possible to agree upon peace terms at the Portsmouth conference is based upon a series of optismistic telegrams received from M. Witte. The newspapers here, headed by the Novoe Vremyra, bitterly attack Japan. The papers alse criticise both the United States and England, saying they are the allies of Japan.

Another Outbreak.

New York, Aug. 12.—As the result of another outbreak of the feud of the Tongs which has made Chinatown the scene of much bloodshed recently, Hop Lee, a laundryman, whose place of business is at 609 east Eleventh street, is in Bellevue hospital suffering from probably fatal wounds and three other Chinamen, Chas Jo, Mon Won and Lee Toy are held on the charge of assaulting Hop Lee. The attack occurred this morning in Hop Lee's laundry. Patrolman Dresser passed the place about 1 o'clock and noticed a crowd of Celestials standing in front of the place. They were orderly, however, and he did not interfere with them. He waited around a corner, where he was reinforced by Patrolman Blade to see what mischief the Chinese contemplated. The officers were given a signal by a citizen that trouble was afoot in the laundry. They rushed into the building where they found two of the men holding Hop Lee against the wall while another Chinaman was using a huge meat cleaver on the helpless laundryman. The assailants fled at the sight of the officers. Dresser chased two of the men to the roof of the building where he eventually overcame them by the free use of his night stick after a hard fight in which most of his clothes were torn from his body. Blake, who pursued Lee, finally caught him on avenue C. Toy showed fight and Blake used his stick to such advantage that a surgeon had to be called to patch up the Chinaman. At Bellevue it was discovered that Lee had been cut sixteen times and the doctors say his death is certain.

Assaulted by Negro Preacher.

London, Aug. 12.—The county of Lanarkshire is wrought up over the attack made upon a white woman, the wife of a miner of that district, by a negro. Threats have been made to lynch the assailant and Great Britain is experiencing its first taste of anti-negro frenzy such as that which is so often displayed in the Southern States. The negro whose name is Liffey, is the pastor of a negro church. He encounter the wife of a miner and made an attack upon her. The woman resisted and after a hard struggle the negro cut the woman's throat, fatally wounding her. The word of the attack was passed rapidly among the miners who turned out in great numbers and began scouring the neighborhood looking for Liffey. He was captured, but the police took the man away from the crowd to hold him for trial. The whole district is in a turmoil over the negro attack and threats to organize a mob and lynch the negro are made openly.

Proposed National Assembly.

St. Petersburg, Aug. 12.—An official note was published today in reference to the proposed national assembly on which the hopes of all Russia are centered. In the note significant words "Supreme autocratic power" are used for the express purpose of finally removing from the minds of all liberals the idea that the fundamental law of supremacy of autocracy is to be abandoned. Great pains are taken to make clear that the function of the assembly is to be simply consultative and that it will be inferior to the council of state.

Killed by Fall of Rock.

Wilkesbarre, Pa., Aug. 12.—A fall of rock in the Truesdale Colliery of the Delaware, Lackawanna and Western Company near Nanticoke early this morning, crushed out the lives of three men and fatally injured a fourth. The men were working on the night shift and had almost finished their labors when the fall occurred. Those killed were covered with a mass of rock and it was sometime before their bodies were recovered. The bodies were crushed beyond recognition and were only identified by the clothing.

The Bakers' Strike.

New York, Aug. 12.—Arrangements have been made for a conference between the employers and the bakers at which it is hoped to settle the strike. This conference has been brought about largely through the intervention of Joseph Darondess, the East Side Labor Leader, who declared yesterday that the strikers were taking the wrong course in refusing to arbitrate their differences with their employers.

Shea Re-elected.

Philadelphia, Aug. 12.—Cornelius P. Shea was this morning re-elected to the presidency of the international brotherhood of teamsters, after a long and bitter contest, by a vote of 129 to 121. His only opponent was Danl Forman, of Chicago. This morning's session was the quietest held so far, and the work of choosing officers went forward in an orderly manner.

The Taggart Divorce Case.

Wooster, O., Aug. 12.—Captain Taggart was again on the stand when court opened Saturday. Capt. Taggart related a few of the indecorous stories he had testified Mrs. Taggart was in the habit of telling. Mrs. Taggart's eyes blazed and while this testimony about indecorous stories was given she faced Captain Taggart. He said: "The day before I sailed in March we entered into an agreement that no action in the case should be taken by either of us while I was on the sea, and that we should be apparently friends, although our relations would be formal.

"It was agreed that after my services at sea were ended then if I feel toward each other as we did either could take action seemed proper. Mrs. Taggart followed us into the hall and held out her hand to me. She said: 'Good by Tag, I wish you all kinds of good luck,' then she kissed me good bye.

Captain Taggart was asked to describe the room upstairs where Mrs. Taggart in a kimo received an officer, according to Taggart's valet on the stand this week. Captain Taggart said:

"It was a room used as a sitting room by the family before we had dressed. It was not used for the entertainment of callers." At eleven o'clock Saturday Captain Taggart finished his story.

Prize Fight.

San Francisco, August 12.—Gus Ruhlin, sometimes called the "Akron Giant" put Texas Jim McCormick away last night in the eighteenth round with a solar plexus punch of such soporific strength that McCormick did not come from the land of Nod for thirty minutes. It was the self same blow that Fitzsimmons planted in Corbett's midriff and won the championship. Ruhlin worked the shift as if he had been doing nothing else all his life, and those at the ring said that never had there been such a hard blow delivered in a ring battle on the Pacific coast. Some of the enthusiasts said the blow would have stowed Jeffries away for all time. Gus Ruhlin promptly claimed the world's championship this morning though the claim will probably not be allowed until Ruhlin has met Marvin Hart. A match between Ruhlin and Hart will follow. The battle last night at the Colma Club was the hottest sort of a slugging match. A feature of the fight was the fact that John L. Sullivan was in McCormick's corner and Billy Madden, manager of Ruhlin, looked after the Akron man. Ruhlin said this morning: "I claim the championship. I have whipped Sharkey and there is no one in the field to dipute my claim but Hart. I am willing to fight him any time."

The Yellow Fever.

New Orleans, Aug. 12.—Important question of whether or not suspicuous cases reported is settled by Dr. White. He instructed that all cases either suspicious or positive fever should be reported. One of the federal service surgeons Dr. Barry, took fever yesterday. The cleaning up will be continued on Sunday when all contractors in the city will allow the use of their wagons and teams: Eight cases reported on the reserve plantation and one death. The cases at Talluh have been pronounced positive. Three more cases are reported from Patterson. The number of cases to date are 808 and deaths 133.

Liverpool, Aug. 12.—Major Surgeon Ronald Ross, professor of Tropica medicine, and Dr. Rubert Boyce, professor of pathology of the Liverpool school of tropical medicine, sailed today on the Campania on their way to New Orleans to assist in fighting tne yellow fever epidemic.

New Orleans, Aug 12.—The official report of the yellow fever situation, issued at one o'clock, disclosed a percitable increase in the number of new cases, thirty-seven being reported with five deaths.

The Presidential Party.

New York, Aug. 12—Mr. Roosevelt and party reached this city this morning, two hours behind schedule time. At eight o'clock the President boarded the Pennsylvania Railroad boat Lancaster which met him at the Erie station in Jersey City and took him around Manhattan Island to Long Island City No incidents of note occurred during the night run except that at every station mobs of men and women were waiting and with loud shouts demanded that "Teddy" should appear. These demonstrations were kept up as late as 2 o'clock, the crowds having remained patiently to get even a glimpse of the train which carried the President.

Oyster Bay, Aug. 12.—President Roosevelt reached home at 9:40 a. m. from his trip.

Injured by a Bomb.

Radom, Poland, Aug. 12.—The Chief of Police of this city was severely injured last night by the explosion of a bomb which was thrown at him as he was riding through the city in his carriage. So great was the explosion that several houses in the vicinity of the spot where the bomb was thrown were wrecked. The assailant escaped in the confusion caused by the explosion.

Agrarian Disturbances.

St. Petersburg, Aug. 12.—Serious agrarian disturbauces are reported from the government Podolia. The peasants, who are the aggressors have erected barricades and entrenchments in a number of the villages of the district and are prepared to resist soldiers who may be sent against them.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people who seek to profit, through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. BUCKLEN & CO., Chicago. Ill., and Windso., Canada, Sold by E. S. Leadbeater and Sons

The Only Way.

There is no way to maintain the health and strength of mind and body except by nourishment. There is no way to nourish except through the stomach. The stomach must be kept healthy, pure and sweet or the strength will let down and disease will set up. No appetite, loss of strength, nervousness, headache, constipation, bad breath, sour risings, rifting, indigestion, dyspepsia and all stomach troubles that are curable are quickly cured by the use of Kodol Dyspepsia Cure. Kodol digests what you eat and strengthens the whole digestive apparatus. W. F. Creighton & Co., 401 King street.

Mr. Stansbury's Views.

The Washington correspondent of the Richmond News-Leader has recently interviewed several Virginians regarding Virginia politics, among them Mr. D. R. Stansbury, of this city. The correspondent says: D. R. Stansbury, a citizen of Alexandria and clerk of the city council of that place, spoke as follows, concerning the political outlook in his State: "Unless the people of the State of Virginia rise and throw off the hold of the ring which is now in power, the State may as well be given over to the republicans. Yes sir, I mean that unless the party which has had control of the State machinery for some years past, and which has engineered things its own way, is called down, you might just as well put the Slemps and the rest of the republicans right in, for they will undoubtedly go in two years from now. I do not want to be misunderstood in this matter. By the ring I mean the State democratic committee. I call a spade a spade. The ring must be broken. While I have not a word to say against Senator Martin personally, or otherwise, I will say this, however, that having known Governor Montague for some ten or twelve years past, I am going to support him I am also a friend of Senator Martin. Of course, Senator Martin is going to get a big vote, but I am for Montague. I do not care to be quoted on the other race, for certain reasons. It is impossible to tell what will be the result of the race in Alexandria between Swanson and Willard, because they each have a good following there. However, I will say that I think Swanson has lost ground recently since the communication of Mr. Mackey appeared in the Roanoke paper. I think the accusations should have been answered. Furthermore, the fight between Willard and Swanson and the bitter words between them have beyond doubt helped Judge Mann. Some people say, 'Well, I do not know whether these things are true or not. Judge Mann is a harmless man, and if he should be elected he could not do the State any harm, so I will vote for him.' "

Forfeited His Collateral.

A man named Harry Ridniger was arrested yesterday by Lieutenant Smith for transacting business without a license. It appears that the accused had been employing little children to sell chewing gum, he remunerating them with a cheap class of handbags. Ridniger left $5 collateral for his appearance in the Police Court this morning, but failng to face the bar and answer the charge against him, he forfeited the same. The above is the common practice of certain parties engaged in business in other cities. They procure names of certain enterprising children and induce them to sell articles, promising to pay them for their services in cheap watches, &c. The little ones are thus tempted to break city laws by transacting business without licenses. The country is flooded weekly with periodicals which contain innumerable advertisements for agents to sell notions and different devices. Bicycles, watches, jewelry, musical instruments and many other articles are promised in compensation. Those answering such advertisement should understand that a license is required to sell any manufactured article.

Dangerous Crossing.

People living in lower Fairfax county who were in the city today were loud in their complaints against the Southern and Washington-Southern Railway companies for their failure to have a watchman at the Telegraph road crossing leading to Cameron run. There are already half a dozen tracks at that crossing where trains are passing in both directions at all hours of the day and night, and several narrow escapes after dark have recently been reported. A watchman is stationed at the crossing in the day time, when those in charge of teams can see the approach of trains, but at night they take great risks in crossing the tracks. While the many other improvements are going on in this section the companies should be compelled to place an overhead structure at that point, or a watchman there both day and night.

New Ferry House.

The new ferry house and slip now being constructed by the Norfolk and Washington Steamboat Company at the foot of King street are almost completed. All the piles have been placed in position and the ferry house, apart from some interior work, is practically finished. The latter is large and commodious and is covered with metal.

Firebugs.

The attempt on the part of some person to start fires on Thursday night in the alley running through the square bounded by Fairfax, Lee, King and Prince streets, has naturally caused apprehension among persons living in all parts of the city. There have been several other attempts recently to cause disastrous conflagrations in Alexandria, but fortunately the fires have been discovered in time to prevent serious results. The diabolical attempt on Thursday night to set fire to a feed warehouse and a stable at the same time has been the subject of considerable talk. The fires were discovered by a man who has charge of a mail wagon. Fortunately a Chesapeake and Ohio train was several hours late that night, and at the time the wagon was taken into the alley the fires had been barely lighted and the incendiary was seen to be making his escape. Had the fires burned a few minutes longer they would probably have gotten beyond control. A gasoline tank which was near the stable would soon have been enveloped in flames which, with the inflammable stuff in the stable and feed warehouse, would have caused a roaring volcano in a short time. The police have for a long time been endeavoring to identify the individuals who are engaged in this fiendish work, but, although they have at times suspected certain persons, nothing has so far been proven on any one.

Fires.

Shortly before 10 o'clock last night fire was discovered in a frame house, occupied by colored people, on a hill a short distance east of the Portner Brewery. An alarm was sounded and the department soon arrived in the neighborhood of the fire, but as there were no plugs near enough to the burning house to be of service, nothing could be done toward staying the progress of the flames, and the house was soon destroyed.

The explosion of a can of gasoline in a house on Queen street, between Royal and Pitt, early this morning, caused an alarm to be sounded. Neighbors, however, prevented what might have caused a serious fire, and the engines did not go into service.

Yesterday afternoon a fire was supposed to be raging in a building on the north side of King street, between Fairfax and Lee, and extinguishers were carried from neighboring stores to the place. No fire was found, however.

Baseball.

STANDING OF THE CLUBS.

	W	L	Pct
Invincible	5	2	714
Del Ray	4	2	667
Oriental	4	3	556
Virginia	3	4	429
Old Dominion	2	3	400
Potomac	1	5	167

The game to have been played yesterday between the Potomacs and Del Rays was not played, the Potomacs not appearing. Later a postponed game between the Old Dominion and Del Ray clubs was arranged, which resulted in a victory for the Del Ray team by a score of 11 to 3.

Monday—Virginia vs. Potomac.

The Alexandria Athletic Club and the Metropolitan police team played a game of baseball on the White Lot, in Washington, yesterday evening, the Alexandrians winning by a score of 1 to 0. The game was very exciting and many pretty plays were made. The battery for the Athletic Club was Purcell and Kraft, Purcell striking out 15 men. A number of people from this city witnessed the game.

Baptist Church Notes.

The Potomac Baptist Association convenes next Wednesday with Ebenezer Baptist Church in Loudoun county. The Southern Railway Company will sell tickets at reduced rates to delegates and their families. The party wishing reduced rates should ask for a certificate and get the signature of the secretary of the association and the special agent at the place to sign it, so as to secure the reduced rates returning. The reduced rates apply from Bealeton and intermediate points, except where the regular fair is less than seventy-five cents.

There will be baptism at the Baptist Church in this city at tomorrow night's service.

The Makely Case.

The arguments in the case of Mrs. Catharine Makely vs. the Southern Railway Company begun at Manassas last Monday before Judge Nicol of the Circuit Court were concluded last night. Messrs. Edmund Burke and Francis L. Smith appeared for the plaintiffs, and Messrs. C. C. Carlin, of this city, and R. B. Tunstall, of Norfolk, division counsel of the Southern Railway, for the defendant company. This is a suit for damages for alleged injury to the property of the plaintiff by reason of smoke and cinders from the locomotives at the Southern Railway yard, as well as from the machine and power houses.

Police Court.

There were but two cases on the docket of the Police Court this morning. Two colored men had been arrested by Officer Henderson, for disordly conduct. They could not be found when their names were called and forfeited their collateral. A white man, a stranger, who had been taken in custody yesterday by Lieutenant Smith for conducting business without a license, was also non est inventus when the case was called, and he, too, forfeited his collateral.

Mayor's Office.

The room adjoining the Common Council chamber in the City Hall building is being fitted up for the Mayor who will on Monday occupy it as his office. The floor has been covered with linoleum and a handsome desk and several chairs have been placed in the room. On and after Monday the Mayor will transact all his official business at what will hereafter be known as the "Mayor's Office."

Fell in Cellar.

Mrs. Frank Hall, living on the north side of Prince street, between Fairfax and Lee, fell into the cellar last night while in the act of closing a window blind. The work of relaying water and gas mains, preparatory to laying a vitrified brick roadway, is in progress on the square, and an aperture had been made under the window where Mrs. Hall fell. She was painfully injured by the accident.

Miss Many H. Dinsmore, of Philadelphia, who has been spending the month with the Misses Brills on Pitt street, returned to her home yesterday much to the regret of her Alexandria friends.

It is a matter of congratulation to the many friends in this city of Miss Alice L. Brooks, of Washington, to know that she is rapidly recovering from the attack of sunstroke with which she was stricken during her visit in New York those very warm days of last month Miss Brooks had come to her home for a few days visit and then returned to complete her visit in the northern States when she became suddenly ill, which compelled her to immediately return to Washington, and indefinitely postpone her trips through the different States she had anticipated. She is still at her home on K street, where she will remain until the middle of August, when she will go to Bar Harbor for several weeks, after which she will spend the months of September and October in New York city.

Mr. J. G. Buskey, a student from the Virginia Theological Seminary, will conduct the services in Grace Church tomorrow and the next Sunday in the absence of the rector on vacation.

River Notes.

A. Dean & Son, shipcarpenters, of this city, have the contract for the building of a large houseboat for parties in this city, and the work on the vessel will be started within the next few days. The new craft will be 60 feet long and 18 feet wide, and is to be a strongly constructed craft. It will be equipped with an electric lighting plant, will have steam heat and modern conveniences. It will be ready for service on the river in the early fall.

The tug Agnes Miller, which was hauled out on the railway at this place for a new propeller wheel, has been launched. The tug will return to service towing scows from Broad creek to Washington and acting as tender to dredging machines at work on the river.

The steamer Dennis Simmons, which a day or two ago brought lumber to this port from Williamston, N. C., has left for the latter place.

The schooner Goldie C., loaded with lumber by Smoot & Co., has sailed for Colonial Beach.

The schooner Five Sisters, loaded with lumber by Smoot & Co., has sailed for Coles landing.

Remains Taken to Richmond.

The remains of the late John G. Beckham, whose death occurred Wednesday night, were taken to Richmond late yesterday evening where they were interred today. It was first determined to make the sepulture in Ivy Hill cemetery, but when Mrs. Ross, sister of the deceased, reached this city from Richmond she announced her wish that the remains be taken to that city for interment. While the funeral cortege was on its way to the railway dept the bell in the City Hall as well as those in the different fire engine houses were tolled in respect to the memory of the deceased, this being the custom at funerals of ex-Mayors of the city.

Illegal Shooting.

The marshes on the river about this city now abound in black and reed birds. The birds are particularly thick in Four Mile run. The birds are now comparatively tame, but it is stated gunners are already after them in spite of the fact that the gunning season does not open until the 1st of September. The crack of guns is heard daily south of this city, as is always the case at this time of the year, notwithstanding the positive laws against shooting the birds out of season. In fact the law seems more honored in its breach than observance.

Old Ticket.

Mr. C. E. Stonestreet, who for the past few months has been residing with his son at St. Elmo, in the county, brought to this office today a presidential ticket of 1844 bearing the names of Clay and Frelinghuysen and the seventeen presidential electors for Virginia. The electors for this district were John Janney, of Loudoun, and E. P. Tayloe, of King George.

The Market.

The market was again abundantly stocked this morning with seasonable country produce, there being a glut of some varieties. Most articles, however, were unchanged in prices. Butter, eggs and chickens were offered at former rates. There were some fine varieties of salt water fish on the benches.

The Weather.

The humid weather which set in last Sunday continues. There have during the week been heavy downpours of rain, followed by sultry temperature. At an early hour this morning there were several copious showers. The weather today has been oppressive, the mercury at noon standing at 86°.

Messrs. Belew and Smith have been awarded the contract to erect a residence for Mr. W. T. Bean on the old courthouse lot from plans prepared by Architect W. L. Clark.

This Week We Start a . . . .

Remnant and Odds and Ends Sale

That will surpass any we've ever before attempted.

The event of the season in which all present and even some future needs can be met at a worth-while saving.

It's the aftermath, really the climax, of our recent clearing sale, which has left in its wake an enormous amount of remnants and odds and ends. So great is the accumulation that we were prevented from holding this sale sooner in order that we may get the lots properly assorted. Needless to say everything has been marked for a quick clearance. In fact the remarkably low prices now bear absolutely no relation to early season values. There are big bargains at every turn, especially in Summer Wash Goods, Embroideries, Laces, Cottons, Calicoes, &c.

Perfection Mosquito and Fly Canopies.

Why be annoyed by mosquitos and flies when it can be prevented by a very small expense and no trouble?

We call special attention to the fact that the "Perfection" 5-coil canopy springs have been THOROUGHLY TESTED in tension, action, power and endurance, and found that they will lift any grade new net to a perpendicular position against the head board, and will also undergo the strain of being fastened down, day and night, continuously for many months without showing signs of weakness, when properly adjusted. They are small in diameter; noiseless in operation; look neat and pretty; are not clumsy nor in the way; are strong and durable, and the most perfect canopy springs ever put on the American market.

Made in all sizes and can be adjusted to either metal or wood beds.

Have us put one up for you, and after one week's trial if not entirely satisfactory we will take it down and refund your money.

SATURDAY EVENING AUG. 12, 1905

Attemps to Commit Suicide.

After a desperate struggle on the sill of a fifth-story window in New York where she was only prevented by the efforts of a woman friend and a policeman from throwing herself into the street, Mrs. Rose Schramke was yesterday for the third time prevented from killing herself. She had already drunk water in which matches had been soaked and had tried to hang herself, but the rope had broken under her weight. She was finally removed to the hospital, where the poison from the matches made her ill, but it was expected that she would survive.

Mrs. Schramke was a trapeze performer in Berlin a few years ago, when a lieutenant in the German army induced her to elope with him. She continued to perform in the circus until she fell and was badly injured in Pittsburg a few years ago. Then they came to New York, and three months ago her husband disappeared. Mrs. Schramke boarded with Mrs. Mary Notz, on east Fifty-fourth street. Made despondent by her failures and the absence of her husband, she, as stated above, made three attempts to destroy herself.

The prompt results produced by Chamberlain's Colic, Cholera and Diarrhoea Remedy together with its pleasant taste have won for it a place in many households. Mr. W. T. Grave Trouble Foreseen.

It needs but little foresight, to tell, that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by E. S. A sure cure for Piles and skin diseases. Dewitt's is the only genuine Witch Hazel Salve. Beware of counterfeits, they are dangerous. Sold by W. F. Creighton & Co., 401 King street.
